

Ox Close Primary School

In light of the current situation, we are pleased to be able to offer free home access to all schools and nurseries using Ten Town. This will run until the end of the summer term.

It's also worth checking out our facebook page: [facebook.com/tentownnumbers](https://www.facebook.com/tentownnumbers) and our twitter account: [@ten_town](https://twitter.com/ten_town) as we'll try and include some extra activities and challenges here.

Signing In:

To log in to Ten Town first go to www.tentown.co.uk

Then click on "Sign into Ten Town here"

You then have two options - "parent sign in" and "child sign in"

The username and password you have been provided will work for both of these options. Please note that the details are case sensitive.

The "**parent sign in**" takes you to the admin part of the site. Here you can print out a selection of activity sheets. There are various tracing, colouring and activity sheets for numbers 0 to 10. There are also over 300 printable activity sheets for numbers 10 to 20.

The "**child sign in**" takes you to the online activities. Select either "0 to 10" or "10 to 20" and then just click on your child's icon.

Help videos: *(a link to these videos can also be found at the footer of our home page)*

"How to make the number 10 appear on the Ten Town map"

Tia Ten doesn't appear on the interactive map to begin with. This video explains what to do...

www.tentown.co.uk/about/help4.php

"How to unlock numbers 11 to 20"

Numbers 11 to 20 are locked to begin with. This video will explain how to unlock them...

User Guide:

There is also a user guide available. To view or print this out, login as a "parent" and select the "Printable Activity Sheets" option. Then select the "General" and the "Getting Started" option. Then click on "Getting started for parents through school".

If you have any problems using the site please contact us on 0345 474 1232 weekdays 9am to 5pm. Or by email on info@tentown.co.uk every day until 9pm.

iPad compatibility:

Ten Town was designed primarily to be used on PCs and laptops but nearly all the content on the site is now iPad compatible. There are three games that aren't: Zero Pond: The Big Clean Up, Freddie Four's Desert Island Adventure and Ten Town Bingo. These will be available to play on iPads when we release our new App later in the year.
