

## English Planning and Ideas

**Week Commencing: 01.06.2020**

**Year Group: 6**

**The work this week may require a little extra printing. If you are unable to print at home, or if you would prefer to collect from school, please let us know and we will make copies of these for you.**

The focus this week is to develop your reading and grammar skills.

There may be questions that you find tricky but that is OK. We would like you to let us know if you would like to go over any areas again next week eg, If you struggle with any questions in the grammar mystery on Tuesday, please let us know which questions you found most difficult. Additionally, if you find any questions in the grammar booklet tricky towards the end of the week, don't forget to let us know and we will add this to the work in the coming weeks.

Remember, you also have your SATs books at home which will also help answer your questions.
