

Tuesday 19th May

Talking Together
Spot the mistake.

The very busy spider caught
7 flies.

Then she ate 3.
Now she has 3 left.

Is she correct?

The very busy spider caught
6 flies.

Then she ate 2.
Now she has 2 left.

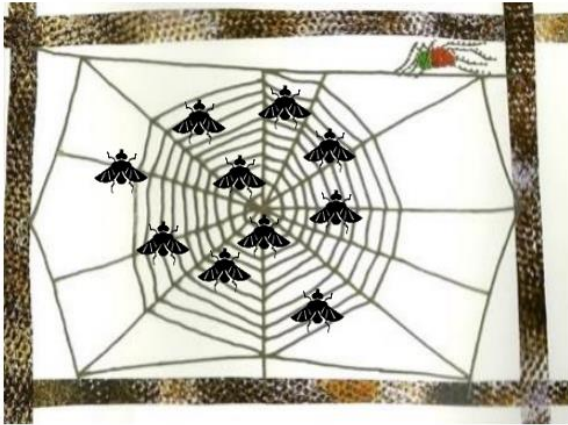

Is she correct?

The very busy spider caught
8 flies.

Then she ate 4.
Now she has 5 left.

Is she correct?

The very busy spider caught
10 flies.

Then she ate 5.
Now she has 6 left.

Is she correct?

Can you make up your own
spider stories to show the
spider how to tell them
correctly? Challenge your
grown ups. Could you extend
this to 2 webs?
