

Maths planning and ideas

Week commencing 29.6.20

Reception: RP and RB

****Friday’s task is a food task. Cheese, apples and cocktail sticks are the main things you will need****

	Monday	Tuesday	Wednesday	Thursday	Friday
Area of learning	Counting	Counting Addition and subtraction	Addition Counting on	Addition	Measuring, counting, shape
Activity	<p>Pirate I Spy There is a sheet to complete and write the correct numeral. Encourage your child to form the numbers correctly.</p> <p>Challenge: If you wish to extend it, you could try to asking some questions such as “How many hats would you have if you had one more? How many maps if you had one less?”</p>	<p>Save the Whale This is a link to a game to practise bonds to 10.</p> <p>Pirate colour by numbers You can select facts to 10 or 20. Whichever is most appropriate for your child.</p>	<p>http://www.earlylearninghq.org.uk/pirate_game/Main.html Above is an online game (counting to 10) if you wish to play it.</p> <p>Pirate adding to 20 There is a sheet to complete. Count the objects and write the number in the box. Complete the number sentences.</p> <p>Challenge: You could make your own number sentences; you could add three numbers of objects.</p>	<p>Robot addition A break from the pirate theme with an online addition game today. Select the difficulty level.</p> <p>https://pbskids.org/curiousgeorge/busydaily/apples/ Curious George Apple Bobbing number sequencing game,</p>	<p>There is so much maths involved in making these pirate ship snacks: shape, fractions, counting, measuring. Just have a go and have fun!</p> <p>If you don’t have the ingredients, try another baking task: pizzas, little cakes, biscuits. There is lost of maths involved in cooking and baking.</p> <p>We’d love to see some of your efforts Send and photos to oxclosereception@durhamlearning.net</p>
