## Use these sheets to practice your pronunciation of the months of the year with a partner:

English	French	Phonetic Pronunciation
January	janvier	jonveeay
February	février	faivreeay
March	mars	mahrss
April	avril	ahvreel
May	mai	may
June	juin	jwang
July	juillet	jwee-yay
August	août	oot
September	septembre	septombr
October	octobre	oktoabr
November	novembre	novombr
December	décembre	daysombr

Once you have understood how to pronounce each word, practise with this dice game until you can use the French names for months automatically. You will need 1 die.

Start by rolling one die. If the number is 1, 2 or 3, use list 1. If you roll 4, 5 or 6, use list 2. Then roll your die again to see which month you should try and say in French. You could use the word table at first and then try without. Good luck!

	 <b>List 1</b>	 <b>List 2</b>
	janvier	juillet
	février	août
	mars	septembre
	avril	octobre
	mai	novembre
	juin	décembre

Unscramble the spellings of the months of the year:

**Label each of the 12 boxes below with the French names of the months of the year. Draw a picture in each one to show me something that you do in each of these months - think about celebrations, birthdays, important school dates etc.:**

janvier					

Noël est en decembre (Christmas is in December)

Halloween est en \_\_\_\_\_

Le jour de l'an (New Years Day) est en \_\_\_\_\_

Mon anniversaire (my birthday) est en \_\_\_\_\_

Pâques (Easter) est en \_\_\_\_\_

If the word for Valentines Day is La Saint-Valentin, write the full sentence to explain when it is—use the examples above to guide you:
